

VAAC Impact Case Studies

Name of organisation/individual helped:

Get Bognor Social

Background:

Get Bognor Social are a social service based in Bognor Regis who are actively helping lessen the social isolation and loneliness within our community. They are doing this by organising events for their members and offering support to those that find it difficult to make that first step of leaving the house. Their aim is to connect people and take them back to the old school methods of getting out of the house and making new connections in person.

The Challenge:

They are an organisation that had grown organically due to demand but had no structure or procedures in place. The group came to get direction/sign posting.

The Solution:

To give advice on legal structures, policies and procedures through an organisational health check.

Outcomes:

The group became constituted with relevant policies and procedures. They have said they will come back for more support in areas of funding.

Difference support has made:

Enabled to group to write their constitution

Quote from organisation/individual:

Hiya,

Thanks for the follow up. We have been super busy getting our constitution sorted and are very near the green light stage with it all. We shall be in touch soon with the next steps for moving forward. We have found your support and info invaluable and can't thank you enough.

All the best
